

DELIVERIES

1. What do I need to do in order to get a pick-up and/or delivery for my school?

Phone Ray Hickey at 7018 and he will make arrangements for you. Please note that demands on our delivery system are quite high during the school year and we are usually booked 1 to 2 weeks in advance.

2. What happens if the delivery department cannot provide the service on the day I need it?

We will do everything possible to meet your needs but in the event we cannot do so, you will have to make your own arrangements. The cost of using outside delivery services is the responsibility of the school/location making the request.

For deliveries of small parcels use S & S Delivery Services (665-6620) and for larger deliveries i.e. tables & chairs, use Thompson's Deliveries (653-3272).

We will assist with the pickup and delivery of stages and/or tables & chairs for special occasions i.e. Christmas, graduation, etc. Phone Ray Hickey (7018) and he will make arrangements for you. Booking of the stage itself and/or tables & chairs are the responsibility of the requesting school.

3. Will deliveries pick up larger items on Tuesdays and Fridays?

No, only items that fit in the blue box.
